

### **BIOPSY CARE INSTRUCTIONS**

1. After 24 hours, please remove the bandage.
2. Wash the area with Hydrogen Peroxide.
3. Apply a pea sized amount of Vaseline and a small bandaid to the site.
4. Repeat for the following week.
5. If there is any bleeding hold firm pressure for 20 minutes.
6. If bleeding does not stop call the office at (704) 230-1302 or seek medical attention.
